

6 modules Living Now plate

BT-KA4806ZW | EAN. 8005543616413

Product Line

Living NOW, BTicino

DESCRIPTION

6 modules Living Now plate - gold - material: zamak

PRODUCT CHARACTERISTICS

- Extreme purity of the design and precision of geometries Living Now has a unique shape, compact, distinctive.
- Innovative design: perfect flatness of the switch thanks to a self-centering system of the covers that allows the controllers to always remain aligned to the plate, even after multiple drives.
- Floating Frame: a flexible frame, placed on the back of the cover plate, free to move on the four corners, ensuring an optimal installation. Thanks to the floating frame, Living Now seems fluctuating on the wall.

- 6 modules, brushed Zama, GOLD finish
- Delivered with dedicated packaging to maintain the aesthetic characteristics unaltered

TECHNICAL CHARACTERISTICS

Number of units	1	Mounting direction	Horizontal
Number of units horizontal	1	Number of units vertical	1
Number of modules horizontal (module system)	6	Number of modules vertical (module system)	1
With mounting grid	No	Flush-mounted installation	Yes
Suitable for subfloor installation duct box	No	Suitable for wall duct	No
Suitable for built-in installation	No	Label space/information surface	No
Material	Metal	Material quality	Other
Halogen free	Yes	Antimicrobial treatment	No
Surface protection	Lacquered	Surface finishing	Matt
Colour	Gold	RAL-number (similar)	1004
Transparent	No	With hinged lid	No
Degree of protection (IP)	Other	degree of impact strength (IK)	IK04
Type of fastening	Engage (snap)	Width	192.5 mm
Height	86 mm	Depth	31 mm
Built-in width	192.5 mm	Built-in height	86 mm
Operating / setting temperature (Min-Max)	-5-35 °C	Storage temperature (Min-Max)	-10-70 °C
Latin wood species	Not applicable	Certification of wood (list)	Not applicable
Wood Climate area	Not applicable		

THE PRODUCT'S BENEFITS

Installation

The Living Now cover plate is equipped with a flexible frame, placed on the back of the plate, free to move on the four corners, ensuring an optimal installation.

Usage

Innovative Design: unique and compact shape that, once completed with the covers, gives the switch an absolute flatness. The brushed or natural finishes enhance the intrinsic beauty of the material. The slight variations in effect are a distinctive element of value, which privileges the quality of craftsmanship, compared to the glossy object.

Advantages

- Innovative Design: unique and compact shape that, completed with the covers, gives the switch an absolute flatness
- Floating frame: a flexible frame, placed on the back of the plate, free to move on the four corners, which guarantees an optimal installation by masking the imperfections of the wall or in the case of plasterboard boxes.
- The separation between the aesthetic and functional parts allows to finish the installation in a workmanlike manner avoiding scratches or dirtying

USAGE RECOMMENDATIONS

For internal use only.
