- Lamp(s) not included

The modern ZANDOR pendant light is a real eye-catcher in any living room. Most of the light escapes upwards and downwards. The pretty pattern of the luminaire also allows some light to escape here. The ZANDOR wall lamp is therefore particularly suitable for additional or accent lighting, as the focus is naturally not on bright illumination but on an atmospheric effect. It has a diameter of 50 cm and a height of 18/150 cm. The luminaire is made of matt white metal. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
