A real highlight for anyone who loves original lighting accents: The FIPS pendant light impresses with its extravagant design, in which a monkey skilfully clings to the pendulum and lends a lively dynamic. The light source directly below it creates a warm, inviting ambience. The light source floats elegantly and can be flexibly adjusted in height - making it ideal for any room and creating a warm, inviting atmosphere. Made from black plastic with stylish gold-coloured accents, FIPS combines robustness with an elegant look. The matt surface provides a discreet, modern look, while the gold-coloured details create warm highlights. The result is a harmonious interplay of design and function. For modern and reliable lighting, the use of an LED bulb is recommended. It offers a high quality of light, is versatile and convinces with uniform illumination. Its long service life and low heat generation make it the ideal choice for a wide range of applications.
