The four-lamp spot can be used as supplementary or orientation light as well as for small living rooms. The swivelling heads can be aligned in a targeted manner to deliberately set the scene for individual areas. The lamp is made of a black matt metal and is complemented by a fabric shade in the modern colour combination of black and gold. The additional combination with wood creates stylish lighting accents and gives living spaces an extraordinary feel-good effect. For modern and reliable lighting, the use of an LED bulb is recommended. It offers a high quality of light, is versatile and convinces with uniform illumination.
