# Highlights

## Forms and materials

Philips inStyle lighting fixtures are designed to fit perfectly with the best of all interior decoration, offering multiple styles to blend perfectly in anyone's home. With many applications and finishes, it combines well with features like curtains, furniture, paint and accessories to complete the look you desire. Carefull attention to details and designs helps you to express your personal style, for interior decoration just the way you want it. This means inviting ambience and surroundings that friends, family and you will enjoy.

## Multiple applications

If you enjoy design, and like to experiment with the latest styles and themes in your home, try Philips inStyle. It's a range of decorative suspension lights, wall lights, ceiling lights, floor and table lamps in premium materials and different colors.

## High Power LED

The LED module of this lamp is a uniquely developed solution by Philips combining 3 LEDs in a synthetic and aluminium housing. This technique enables an optimal light output and a 100% uniform light colour.

## Warm white light effect

Light up your home with warm white light effects thanks to the latest LED innovation. Philips introduces the latest generation of warm white light high power LEDs, reaching a colour temperature of 2700 Kelvin. This innovation brings the Philips lighting fixtures to the next level, allowing you to combine elegance and ambience creation with light and energy efficiency.

## Dimmable

Adjust the light intensity of the Philips LED lights with a dimmer switch (not included). This makes this light ideal for creating an ambience for any occasion, whether a cosy meal à deux or chilling out with family and friends in your living room. Philips tested a number of wall dimmers that have proved to be compliant with our LED lights. A list of compatible dimmers is available in the downloads and support section.

## Energy saving

This Philips light conserves energy compared to traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

## Extremely long operating life

A light source you can trust. Philips LED lights offer an extremely long-life of at least 20.000 hours (which equals 20 years on basis of an average use of 3 hours / day with an amount of at least of 13.000 on/off switching cycles). With the Philips LED lights you won't have to worry about maintenance or lamp replacement while having the perfect light ambience in your home.

## On/off switch on article

With the button discreetly integrated to the article, you can easily switch the light on and off.

# Specifications
