

PROLED WALL LIGHT SILHOUETTE ROUND/SQUARE - L7129x06x

Characteristics:

- SMD LED Warm White
- Power consumption 9,6 Watt
- Aluminium and PC housing round or square
- Front and back side in White or Black
- Power supply 220-240 VAC, 50/60Hz
- Operating temperature range -10° C till +45° C
- CE compliant with applicable European directives

Warning:

1. Possibility for indoor and outdoor use, but only with IP54
2. Please ensure that the packaging is disposed of in a safe environment
3. If cable is defected, do not use luminaire
4. We do recommend that a qualified electrician should be used to install the products
5. Do not look at the lighted lamp directly

Safety indices:

Be sure to have a qualified electrician complete installation. The customer is not entitled to claim for any lights installed without observing European safety directives. The manufacturer is then discharged from liability when damage is caused by improper use or installation. If any luminaire is subsequently modified, the person responsible for the modification shall be considered as manufacturer. For indoor and outdoor use. Protection class IP54.

Installation:

Please follow the sequence of installation step by step. Non-observance can lead to damage of LED.

1. Switch off the electricity at the mains before commencing installation or lamp change and (if a fuse box is installed) remove the appropriate circuit fuse to avoid accidental switching on of the mains supply.
2. Connect luminaire to power supply (230 VAC)
3. Make sure all connections are tight with no loose strands
4. Ensure fire regulations are not breached when fitting your lights
5. If you are in any doubt regarding these instructions, consult a qualified electrician
