Functionality meets modern, innovative design! This outdoor wall light from the PEARL series impresses with its attractive design and offers you the opportunity to set the scene for your outdoor areas with warm lighting accents. The wall light impresses with its direct, downward illumination on your house wall. The outdoor light is equipped with a motion sensor. This switches the light on and off automatically. The sensor reacts to movement in its immediate vicinity and carries out switching operations accordingly. Thanks to the IP rating of 54, this modern light is particularly weather-resistant. The wall light has a width of 10 cm and a height of 16 cm. The wall light impresses with a housing made of anthracite-coloured die-cast aluminium and a slanted light shade made of white plastic. In addition, the luminaire features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen lamps, up to 80% of energy costs can be saved. In addition, LED light sources have a long service life, produce less heat and protect the environment.
