excl. 1x E14 · max. 18W

- **Switch**
- **Separately switchable**
- **Flexible**
- **IP20**
- **Lamp(s) not included**

The HOTEL floor lamp has a modern and simple design that comes into its own in the bedroom, dining room or living room. This lamp allows the most inconspicuous corners of your home to shine in new splendour. Ideally, the lamp should be placed next to the sofa, as a flexible reading arm ensures the best possible lighting result in addition to the main light source. This can be directed in a targeted manner so that the desired light pattern can be freely selected. Textile lampshades also provide a soft and gentle light. The lighting can also be switched separately. The light in matt nickel with a grey fabric shade underlines the modern style and can be wonderfully combined. The use of LED light sources is recommended for energy-saving lighting. These are an ideal alternative to conventional halogen light sources and offer high light quality and energy savings of up to 80%. With LED light sources, you also benefit from a long service life and low heat generation while protecting the environment.

### **Material construction**

Metal · Nickel mat  
Fabric · Grey

### **Product dimensions**

Height: 170cm  
Diameter: 40cm  
Weight: 5,6kg

### **Technical data**

Light source: excl. 1x E27 · max. 60W

operating voltage: 230V ~ 50Hz

Protection grade: 2

IP classification: IP20
