- **Not dimmable**

This TRIO LED filament candle creates a pleasant room ambience. As a filament light source, it is particularly suitable for vintage or retro design luminaires where the light source is visible. The transparent glass is tinted slightly brown and provides extra-warm light that creates a cosy ambience. Modern LED technology is characterised by high light quality and energy efficiency. Compared to conventional halogen light sources, up to 80% of energy costs can be saved. In addition, LED light sources have a long service life, produce less heat and protect the environment.
