

BASKET

wall light, A60, frosted glass, max. 60W

Classically elegant recessed wall light. The design of BASKET describes a frosted glass shade which surrounds the socket including the mounting plate and thereby hides them from the viewer. Thus, the luminaire appears as a stand-alone glass basket. As we chose a standard E27 socket, hence the connection can be made directly from 230V mains supply. Furthermore, this results in the possibility of choosing energy-saving or LED light sources.
